

# Upgrade Your Seating Package

With heavy-duty retractable platforms  
and chair seating

 **Interkal®**

Interkal offers a variety of  
VIP Seating options that  
will make your facility  
second to none!

Upgraded VIP Seating Options from Interkal.

The Platform Chair (PC) is designed for the ultimate spectator comfort. The highly contoured seat and back provide unprecedented comfort and support over long periods. Among it's many distinguishing characteristics, the 100% fold creates more ease of egress and it is designed for easier cleaning.

Platform Chairs can be combined with any of our premium bench seat options. These seating combinations allow you to custom design any configuration and incorporate upgraded seating sections as shown above.

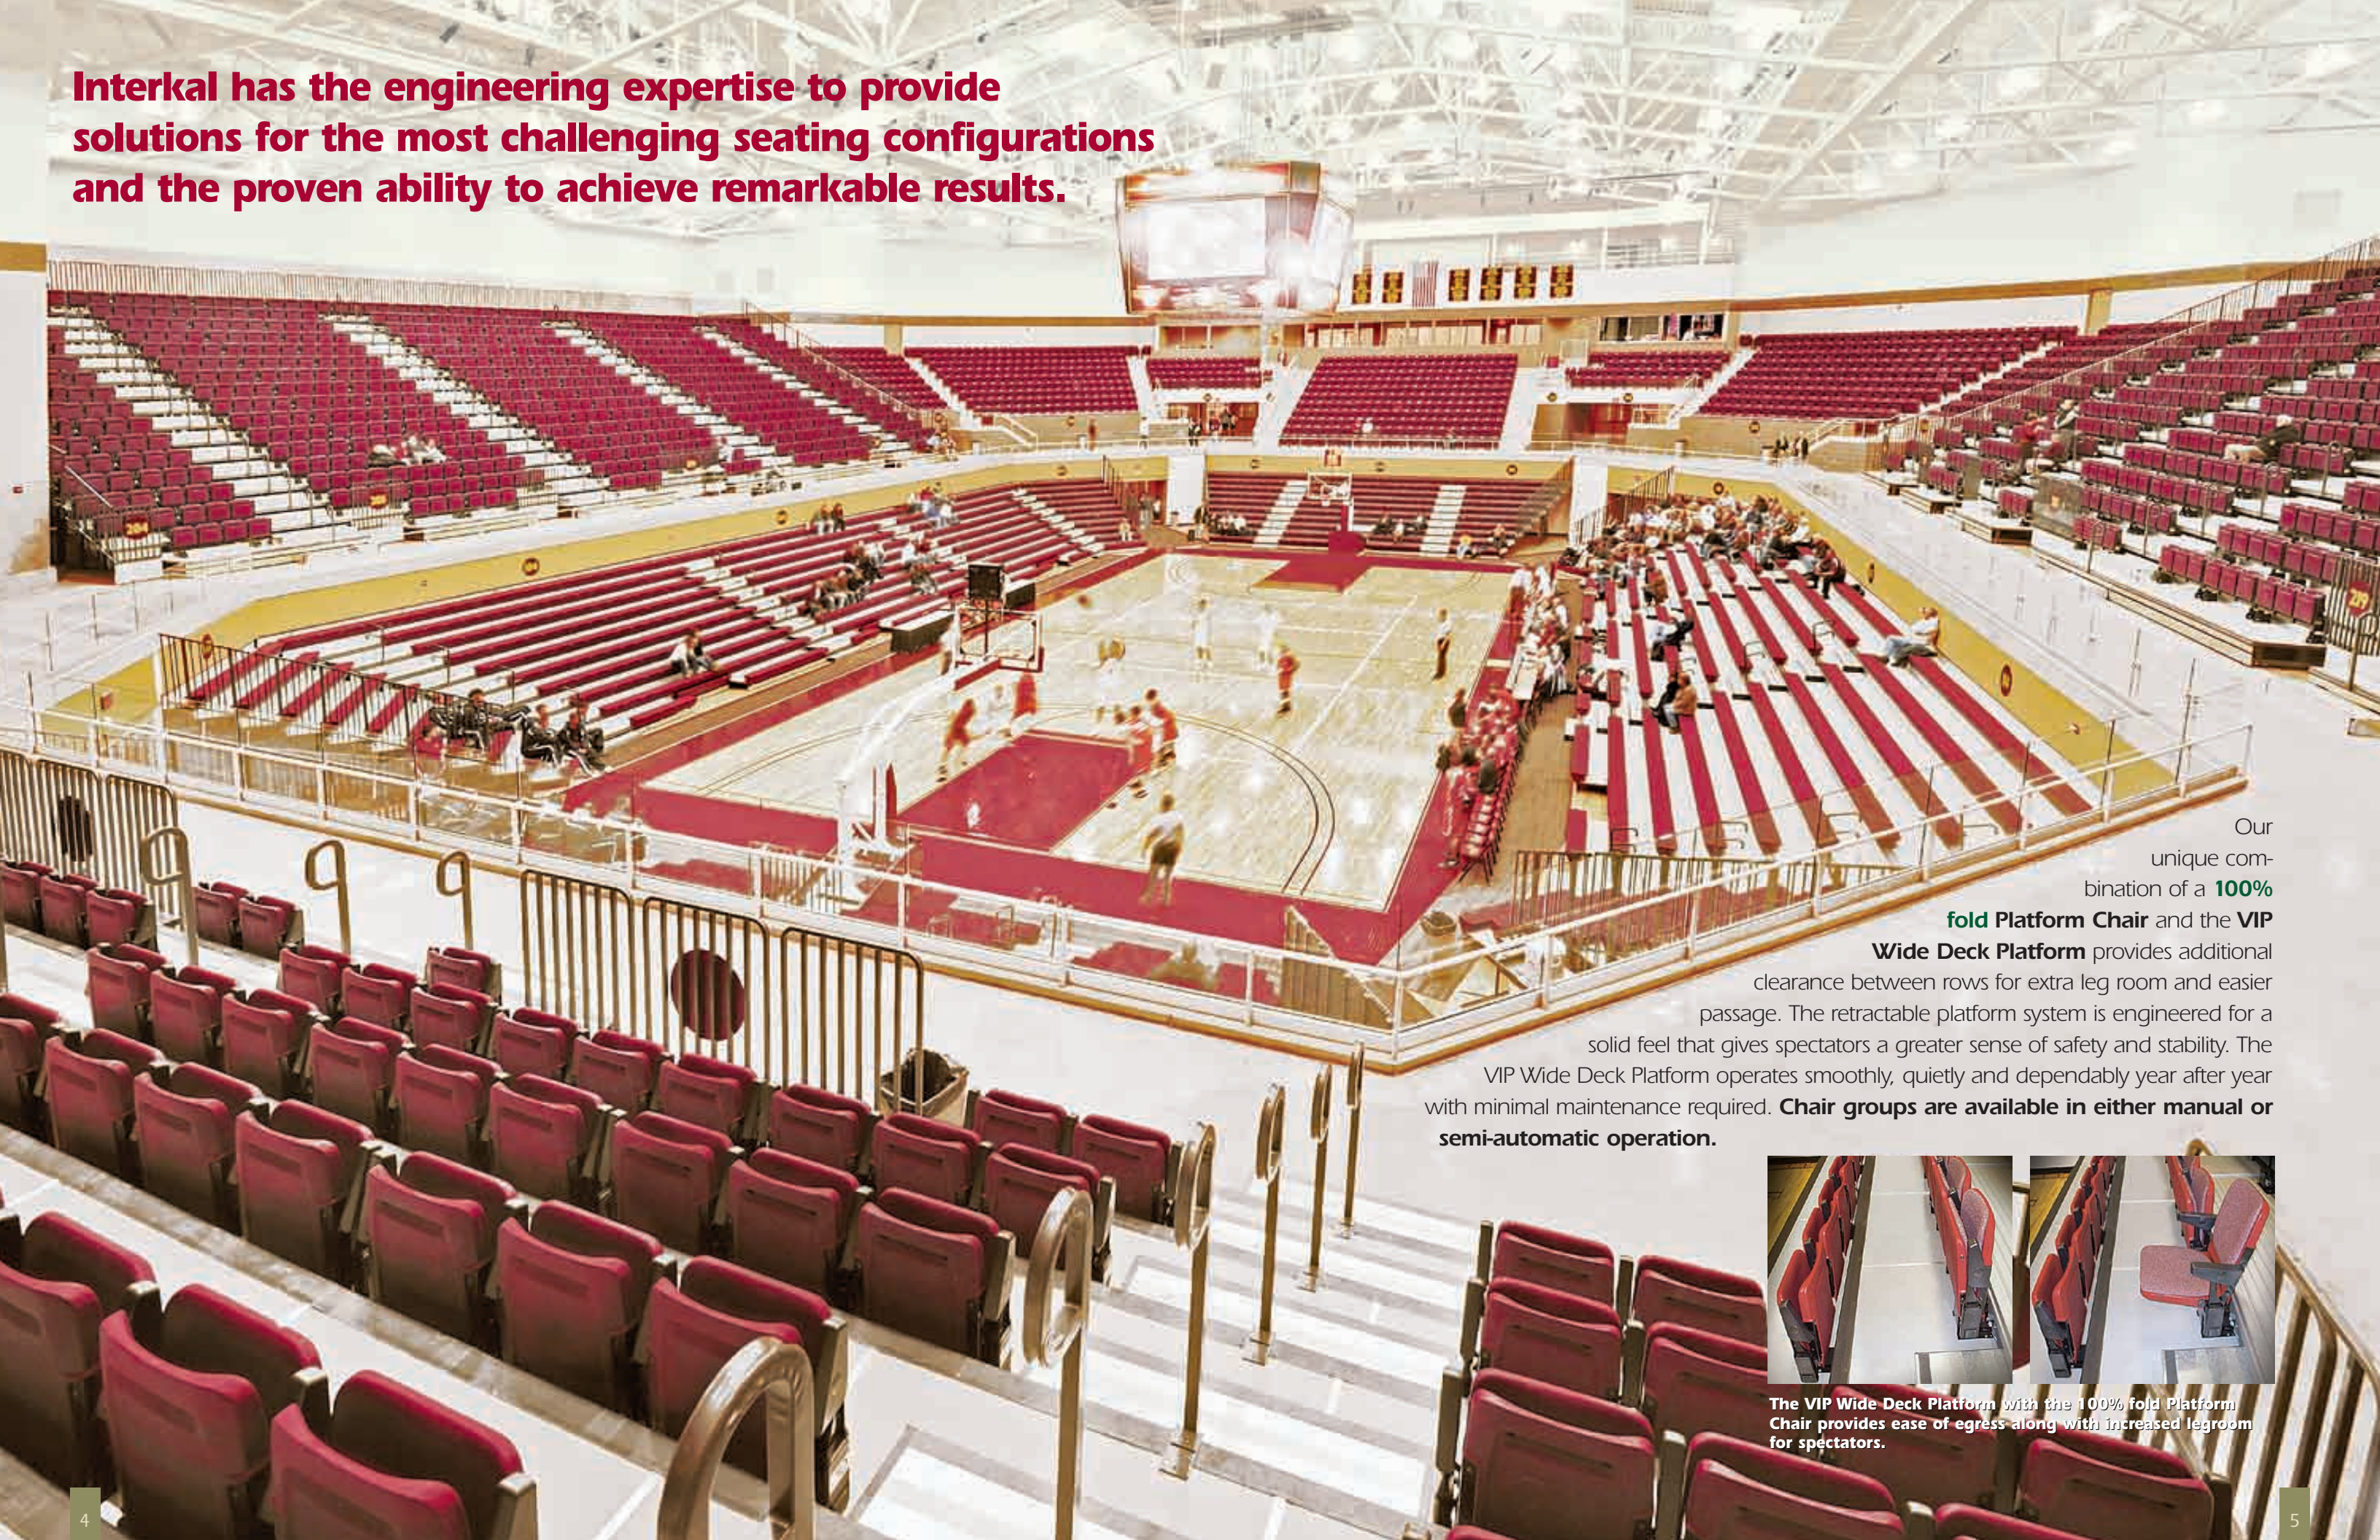

Platform Chairs fold flat on to the retractable decks for storage when not in use. Manual and semi-automatic systems are available.

Platform Chair Benefits:

- 100% fold seat for additional clearance.
- Armrest automatically raises when chair is unoccupied for additional clearance.
- Ergonomically designed seat and back for superior comfort.

Interkal has the engineering expertise to provide solutions for the most challenging seating configurations and the proven ability to achieve remarkable results.

Our unique combination of a **100% fold Platform Chair** and the **VIP Wide Deck Platform** provides additional clearance between rows for extra leg room and easier passage. The retractable platform system is engineered for a solid feel that gives spectators a greater sense of safety and stability. The VIP Wide Deck Platform operates smoothly, quietly and dependably year after year with minimal maintenance required. **Chair groups are available in either manual or semi-automatic operation.**

The VIP Wide Deck Platform with the 100% fold Platform Chair provides ease of egress along with increased legroom for spectators.

Interkal offers a variety of quality products and the expertise to design and engineer a complete seating package for your facility. Please contact your Interkal representative or [www.interkal.com](http://www.interkal.com) for more information and recommendations to meet your specific seating requirements.

**Revolutionary ComfoBack®**

Interkal's unique, fully- automatic design sets the standard for labor-free backrest operation. ComfoBack® stores in the deck when the system retracts to the stacked position and automatically raises during extension.
